Who Are We?

Newcomers Networks is a non-profit organisation. It has been set up under New Coasters, the support network for all people new to the West Coast. Many of us have at some point been new to the West Coast region so understand the difficulties faced when moving here.

We are here to support anyone new to the West Coast; you do not have to be from overseas, if you are new to the region or from other parts of New Zealand, **Newcomers Network** is for you. If you are an immigrant from an English speaking country **Newcomers Network** is for you. If you are from a non-English speaking country and new to the coast, **Newcomers Network** is for you.

We are not...

...tied to any church, mosque, temple, synagogue or any other religious group (but we welcome all regardless of beliefs.) We are not tied to any political organisation and welcome all regardless of political views. We are not tied to any business or commercial organisation.
