May 2014 Newsletter

Hi all Newcomers,

Now into May! I wonder what May has for us weather-wise, after the rain interspersed with the odd sunny day of April?

We had a good turnout of folk at the Rendezvous on 23rd April even though it was school holidays.

Dinner at the Rock had 15 attending (see photos on page 3). We had a fabulous evening - met some new friends and several of us found out that we were neighbours! That's what it is all about.

Morning tea on 28th May should be most informative with Jane Seath giving an overview of the health practitioners involved in the centre of the Chiropractic and Wellbeing Centre in Rolleston. Bring a friend.

We are very disappointed that we had to postpone the quiz evening as there are so many quizzes over the next short period. Watch this space, and we'll let you know once it has been rescheduled.

Rolleston Community Care are looking for drivers to take folk for hospital appointments. If this interests you, contact Juliette Ph 3474907. Also, if you need help to get to an appointment you can contact her to arrange transport.

Representatives of our Newcomers have been invited to a Community Conversation Café to be held 22nd May 7pm at the Community Centre. This is about enhancing the Rolleston Railway Station. If you would like to attend and bring your ideas, you will be welcomed. Wine and cheese will follow. Let me know (3478217) for catering.

In June we celebrate seven years of Newcomers in Rolleston. Have you ideas? Watch this space!

Living in Rolleston gives you the opportunity to become involved in what happens in Rolleston!

All for another month
Joyce
